

## Planting Seeds

This week we have been planting runner beans and then learning how to write instructions about it. We made sure we used bullet points, numbers and sub-headings to organise our ideas. We also made sure our language was clear and we used bossy language like imperative verbs and command sentences.

I wonder if you can write a set of instructions at home about how to do something you enjoy. It might be riding a bike, or making a card for a friend. Read it to someone you live with and see if they can use your instructions to successfully complete the task.

## ATTENDANCE

## The Royal Celebration

This week we have been celebrating the Wedding of Prince Harry and Meghan Markle by having a street party. We had lots of fun preparing for the party with bunting we decorated ourselves. We also made flags which we waved merrily. Each class decorated a cake with flags and our class symbol. In assembly this week, we learned the National Anthem.

## Reminder

## Outdoor Learning
