

I'm going back to school 😊

My school has been closed because of
Coronavirus.
But now it's safe to go back to school.

Some things will look a bit different but I can feel happy that Miss Colwell and Miss Crisp will be teaching me and I will get to see my friends.

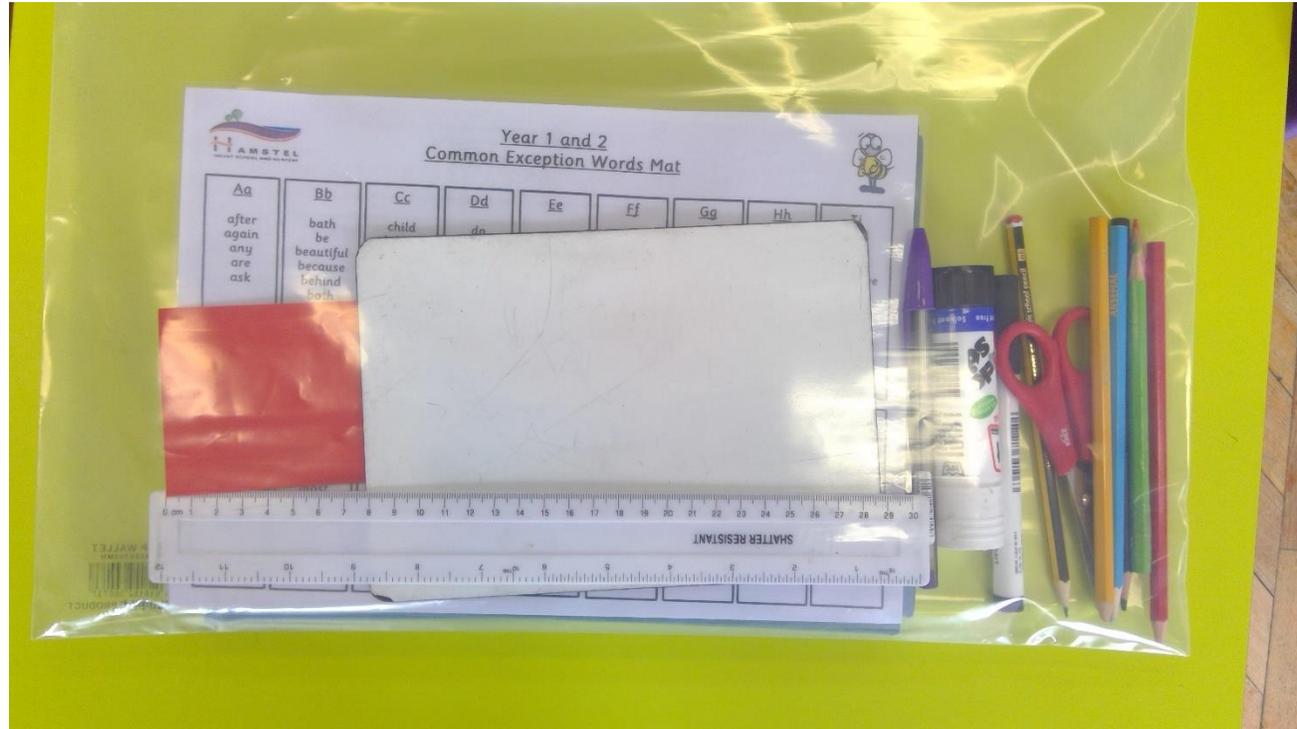

It is ok to feel sad or worried about going back to school. If I do feel sad or worried, I can talk to Miss Colwell or Miss Crisp.

When I come to school in the morning, I will follow the yellow arrows to meet Miss Colwell at this door and she will take me to class.

Hedgehog class will look different to how it did before.

I will have my own stationery to use. I will keep them in a plastic wallet. I am the only one who can use them. Keep them safe!

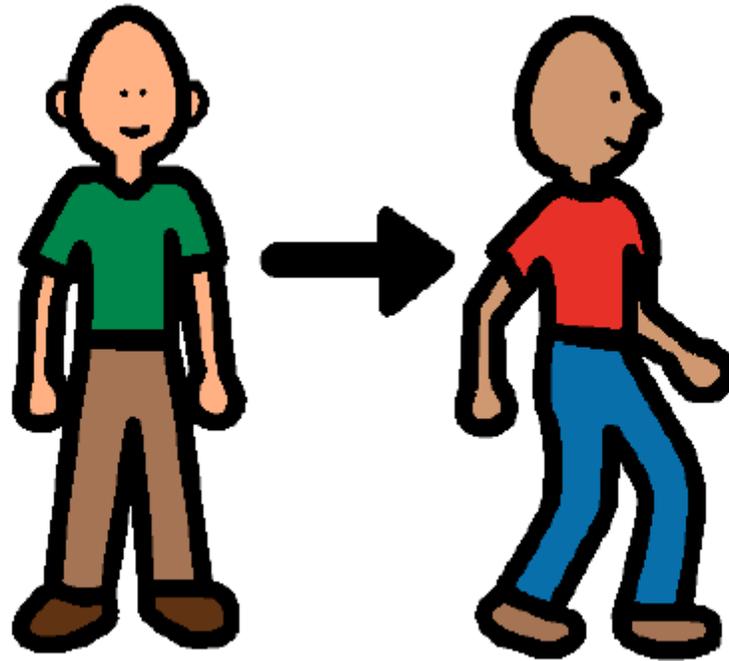

Prickles has had to go on his Summer Holiday early this year, but he has promised to send a postcard.

Some of our lessons will be different from before. I will stay in Hedgehog class for all my learning.

I will have my lunch in the hall with the other children and I will only stay in my bubble where the cones are marked.

I will need to try and keep my distance from other people.

Only 4 children will sit at each table.

I will still be able to play in the secret garden area.

I will wash my hands when I come into school, before I eat, when I come in from outside and before I go home.

If I have a sneeze or cough I must use a tissue and throw it in the bin straight away.

Miss Colwell and Miss Crisp will stay with us
all day.

At the end of the day Miss Colwell will take me to
my grown-up.

I can feel happy about going back to school.
