March 2020

Dear Parents and Carers,

In response to the Governments advice for school closure in order to reduce the spread of infection due to Coronavirus the staff have worked hard to produce a series of resources to enable your child to continue to access suitable education. The work set has been aligned to the work which would be planned over this period of time.

Today your child is coming home with a pack that contains a variety of tasks to complete whilst the school is closed. In the pack there is a range of Maths tasks that cover all the areas we have taught so far during the year, spelling tasks, comprehension tasks and reading tasks. The reading tasks include a range of activities to help revise some of the skills they have learnt and will be needed for the Year 1 Phonics test due to be carried out in the month of June.

The staff have set a variety of tasks on Purple Mash on our website. Once logged in the children click on the 'To Do' tab and they can choose which task they would like to do. Tasks will also be set on My Maths for the children to complete.

Please keep reading and sharing books with your child and maybe complete a book review on a book they have read ~~(a template is included in the pack)~~. You will also receive creative challenges through Parent Mail for the children to choose from.

There is no requirement that the children return every task back to school, however we do encourage that the children participate in as much as possible.

We hope the variety of tasks help the children at home whilst we are closed.

Thank you for your support in these unfortunate circumstances.

Year One Team
